

PRE-LOADING CONTAINER INSPECTION CERTIFICATE

Must be filled out in English

Prior to loading the container, Vendor/Consolidator must inspect and verify:

- (1) The container structure is intact (e.g. no false walls, floors, or tampering evident in the physical structure)
- (2) The locking mechanism of the doors is in good working order

Container Number: (4 character alpha + 7 numeric)

By checking the boxes and signing below, the undersigned certifies that he/she physically inspected the container designated above on the _____ day of _____, 200__, and verifies the container structure is intact and free from tampering and that the locking mechanisms on the doors are in good working order and reliable.

Interior Front Wall (opposite end from rear doors)
